FAYETTE COUNTY EMS PRIVACY NOTICE

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY

Purpose of This Notice: This Notice describes your legal rights, advises you of our privacy practices, and lets you know how Fayette County EMS is permitted to use and disclose PHI about you.

Uses and Disclosures of Your PHI We Can Make Without Your Authorization. Fayette County EMS may use or disclose your PHI *without* your authorization, or *without* providing you with an opportunity to object, for the following purposes:

Treatment. This includes such things as obtaining verbal and written information about your medical condition and treatment provided to you by us and other medical personnel (including doctors and nurses who give orders to allow us to provide treatment to you). It also includes information we give to other healthcare providers involved in your care and treatment, and includes transfer of PHI via radio or telephone to the hospital or dispatch center as well as providing the hospital with a copy of the written record we create in the course of providing you with treatment and transport.

Payment. This includes any activities we must undertake in order to get reimbursed for the services that we provide to you, including such things as submitting bills to insurance companies (either directly or through a third party billing company), managing billed claims for services rendered, performing medical necessity determinations and reviews, performing utilization reviews, and collecting outstanding accounts.

Healthcare Operations. This includes quality assurance activities, licensing, and training programs to ensure that our personnel meet our standards of care and follow established policies and procedures, obtaining legal and financial services, conducting business planning, processing grievances and complaints, creating reports that do not individually identify you for data collection purposes, fundraising, and certain marketing activities.

Fundraising. We may contact you when we are in the process of raising funds for Fayette County EMS, or to provide you with information about our annual subscription program. In addition, we may use your PHI for certain fundraising activities. For example, we may use PHI that we collect about you, such as your name, home address, phone number or other information, in order to contact you to raise funds for our agency. We may also share this information with another organization that may contact you to raise money on our behalf. If Fayette County EMS does use your PHI to conduct fundraising activities, you have the right to opt out of receiving such fundraising communications from Fayette County EMS. If you do not want to be contacted for our fundraising efforts, you should contact our HIPAA Compliance Officer. We will also remind you of this right to opt out of receiving future fundraising communications every time that we use your PHI to conduct fundraising and contact you to raise funds. Fayette County EMS will not condition the provision of medical care on your willingness, or non-willingness, to receive fundraising communications.

Reminders for Scheduled Transports and Information on Other Services. We may also contact you to provide you with a reminder of any scheduled appointments for non-emergency ambulance and medical transportation, or to provide information about other services we provide.

In that situation, we will disclose only health information relevant to that person's involvement in your care

Uses and Disclosures of Your PHI That Require Your Written Consent. Any other use or disclosure of PHI, other than those listed above, will only be made with your written authorization. Your Rights Regarding Your PHI. As a patient, you have a number of rights with respect to your PHI, including:

Right to access, copy or inspect your PHI. You have the right to inspect and copy most of the medical information that we maintain about you. Requests for access to your PHI should be made in writing to our HIPAA Compliance Officer. In limited circumstances, we may deny you access to your medical information, and you may appeal certain types of denials. We have available forms to request access to your PHI, and we will provide a written response if we deny you access and let you know your appeal rights. If you wish to inspect and copy your medical information, you should contact our HIPAA Compliance Officer. We will normally provide you with access to this information within 30 days of your written request. If we maintain your medical information in electronic format, then you have a right to obtain a copy of that information in an electronic format. In addition, if you request that we transmit a copy of your PHI directly to another person, we will do so provided your request is in writing, signed by you (or your representative), and you clearly identify the designated person and where to send the copy of your PHI. We may also charge you a reasonable cost-based fee for providing you access to your PHI, subject to the limits of applicable state law.

Right to request an amendment of your PHI. You have the right to ask us to amend protected health information that we maintain about you. Requests for amendments to your PHI should be made in writing and you should contact our HIPAA Compliance Officer. When required by law to do so, we will amend your information within 60 days of your request and will notify you when we have amended the information. We are permitted by law to deny your request to amend your medical information in certain circumstances, such as when we believe that the information you have asked us to amend is correct.

Right to request an accounting of uses and disclosures of your PHI. You may request an accounting from us of disclosures of your medical information.

You have the right to receive an accounting of certain disclosures of your PHI made within six years immediately preceding your request. But, we are not required to provide you with an accounting of disclosures of your PHI: (a) for purposes of treatment, payment, or healthcare operations; (b) for disclosures that you expressly authorized; (c) disclosures made to you, your family or friends, or (d) for disclosures made for law enforcement or certain other governmental purposes.

Right to request restrictions on uses and disclosures of your PHI. You have the right to request that we restrict how we use and disclose your medical information for treatment, payment or healthcare operations purposes, or to restrict the information that is provided to family, friends and other individuals involved in your healthcare. However, we are only required to abide by a requested restriction under limited circumstances, and it is generally our policy that we will not agree to any restrictions unless required by law to do so.

If you prefer to be notified about breaches by electronic mail, please contact our HIPAA Compliance Officer, to make Fayette County EMS aware of this preference and to provide a valid email address to send the electronic notice. You may withdraw your agreement to receive notice by email at any time .
